

GENEVA BOLTON JOHNSON
16745 MARY CLIFF COURT
BROOKFIELD, WISCONSIN, 53005

I am pleased to recommend Rick Sedmak for the following reasons:

Rick Sedmak has been a master of excellence in all of the professional work he has done in my home for the past 15 years. His being a master of excellence is evident in the Venetian plaster walls of my living room, matching wood work painting to cabinets in a seamless manner, completely changing dated wood paneling to a beautiful "raging finish", creating a Tuscany finish on the walls for the kitchen, and a suede finish on the walls in my dining room.

In all of Rick's work he creates a "WOW" factor. He provides excellent consultation in the area of decorating in terms of color, texture, lighting, and furniture selection. He is willing to travel with you when a selection must be made with reference to lighting, floors, various fixtures, etc. He is not satisfied until what he has done is up to his high standards. He is eager to explain why he is doing what he is doing and the results he wants to achieve.

I would never think of remodeling or redecorating any room in my home without consulting Rick. I would not hesitate to recommend Rick Sedmak to my friends.

Sincerely,
Geneva Johnson
