Rick Sidmak of Custom Painting and Decorating has helped us update our home in each of the last three years. He just finished redecorating our entire kitchen, including walls, woodwork and cabinet refinishing. Prior to this, he painted all of the woodwork in the rest of the house which includes a three-story central staircase, papered three bathrooms, and stained two fire place mantels and a new front door to complement our furniture. In each case his work was more than we had hoped for. Besides being skilled and creative in every area of decorating, he works to his own high level of expectation and excellence, he has great ideas and a good eye, is neat and clean, knows all of the latest products, shows up and finishes on time, and is easy to be around. Best of all, he made a potentially disruptive process manageable and was always ready to go the extra mile to deliver what he promised. We would not hesitate to call upon his skills again.
